

2021 NEBRASKA PASSPORT STOPS

The 2021 Nebraska Passport Stops have been released! The themes for the 70 stops include Visual Treats, Parking Spots, Aroma Therapy, Now Hear This, Growth Opportunities, Grub & Cuisine, Shoptimum Values, Childish Things, Branching Out, and Time Travel.

The passport program runs from May 1st to September 30th, so you have plenty of time to spend throughout the state visiting each stop. There are a variety of stops throughout the Panhandle, including Potter, Gering,

Scottsbluff, Bayard, Sidney, Alliance, Crawford, and Chadron. To see the entire list of stops or to order a passport, check out www.nebraskapassort.com!

WESTNERN NEBRASKA DEVELOPMENT NETWORK

This past month, I was able to take part in a scavenger hunt downtown Scottsbluff thanks to the Western Nebraska Development Network group. We enjoyed finding lots of hidden gems along Broadway. I hadn't been shopping there in some time, and I didn't realize everything they had to offer! I highly recommend spending a day shopping locally as well as getting some good food and beverages. We ate lunch at 16th Empire and it was delicious!!

During the luncheon, we were honored to see Starr Lehl presented with the Professional of the Year Award from the

Nebraska Economic Developers Association. Starr is currently the Economic Development Director in Scottsbluff but has played an influential role in the Panhandle for many years, including sitting on the Gering City Council, being mayor of Gering, and now serving a second term in District 11 (the entire Panhandle) on the Nebraska Tourism Commission. She is an incredible asset to this area and we thank her for her dedication to others in the industry!

After the scavenger hunt and luncheon, we toured Western Farms Seed, LLC. One of the things they are specializing in is CBD oil and products. It was interesting to see the production rooms and learn more about how CBD can help people with chronic pain management.

You can see more photos from the day in the "Photos from the Surrounding Area" section.

NEBRASKA LIFE

If you haven't seen it already, the latest Nebraska Life magazine had an article about tours in Kimball and Banner County! The March/April issue showed readers that this area has unique tours offered that include hand-feeding buffalo and learning about the historical significance of the short grass prairie.

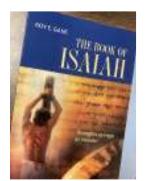

Rocky Hollow Buffalo Company, found just north of Kimball into Banner County, gives you the opportunity to get up close and personal with enormous buffalo, as well as learn how the Forepaugh's run the operation.

Shaun Evertson, with the EJE Ranch south of Kimball, gives short grass praire presentations as well as wildflower tours and ground nesting birding tours. It is fascinating to get a history on how the prairie came to be what it is today and to see all the beauty that survives and thrives in our Great American Desert.

WONDERFUL VISITORS!

Visitor numbers are finally on the rise at the Visitor Center! We are excited to see more people out and about and are really looking forward to the summer season.

A sweet couple (both are professors in Michigan) dropped by this past month and were so kind to give us a book that he wrote! Once I finish reading it, they offered to have it placed on the free books/magazines rack, so keep an eye out for the signed copy of "The Book of Isaiah" by Roy E. Gane.

We also had a group from Miami stop in. They had been vacationing in Colorado and decided to check off a couple more states while they were waiting on a flight home. We love that Kimball is the place people stop when they are visiting our state for

the first time! I know that the friendliness of the people in our community help make the stop enjoyable and we always hope that it encourages visitors to come back to visit again.
